

INTERNATIONAL PAPER - ARIZONA CHEMICAL COMPANY
PICAYUNE, MISSISSIPPI

International Paper's Arizona Chemical Company, of Picayune, Mississippi, manufactures monomer and dimer products from fatty acids, and water based adhesives from rosin esters. This facility is one of several International Paper facilities that are members of Performance Track.

ENVIRONMENTAL PERFORMANCE

Past Accomplishments

International Paper's Arizona Chemical Company has demonstrated its commitment to environmental performance through reduced energy consumption and reduced hazardous waste. Since 1999, the facility has:

- **Reduced energy consumption** 49% by updating older equipment, educating employees and through assessing current processes to find possible opportunities for improvement.
- **Reduced hazardous waste** 56% through employee education and through updating current manufacturing processes.

Future Commitments

International Paper's Arizona Chemical Company is working to reduce energy consumption, hazardous waste, total solid waste, and BOD discharges to water. By 2004, the facility will:

- **Reduce energy consumption** 20% through equipment upgrades and improving insulation.
- **Reduce hazardous waste** 11% by employee training and through process improvements.
- **Reduce total solid waste** 14% through employee training, installing new technology, and improving current processing systems.
- **Reduce BOD discharges to water** 10% through employee training, through updating current processing systems, and through source separation.

COMMUNITY OUTREACH

AT A GLANCE:

Industry Sector:	NAICS 325211
Business:	Manufactures adhesives and monomer/dimer products
Facility Employees:	Fewer than 50
Accomplishments:	Reduced energy consumption Reduced hazardous waste
Commitments:	Reduce energy consumption Reduce hazardous waste Reduce total solid waste Reduce BOD discharges to water
Address:	815 North Beech Street Picayune, Mississippi 39466

The Arizona Chemical Company is involved with local community organizations and also holds facility open houses. Community concerns are responded to through local media, open houses, and in community meetings. The Annual Performance Report will be made available at community action committee meetings, during open houses and in the local newspaper.
